**Forum started at 10:08 am with a break between 11:11–11:20 am and adjourned at 11:35 am.**  
15 other people in attendance

Possible Port discussion/action/information supporting new Comprehensive Plan decision making:

- Next Comprehensive Plan Meeting to have community input on draft plan
- The old Comprehensive Plan will be replaced except for the factual demographics
- New draft Comprehensive Plan to only be several pages
- Maps of property that is being discussed especially at Dewatto Bay
- Map showing all three district boundaries
- Campground
  - Can campground be made private?
  - Have a Campground host and provide them with utility services
    - Can water/sewer be put on lease property one acre in size?
    - Water Tank/Transport of Water
    - Cost of pumping sewer tanks
    - Garbage Service
  - Check with Sherriff's Department for drive through
  - Cost of Security patrol
  - Steps/Cost of set up for online reservations and electronic payment
  - Update camping fee schedule
  - Campers not following posted rules, need penalties of no longer using
- Port Building
  - Community Emergency Response Team (CERT) training
  - Helicopter Emergency Landing Zone on Port property or DNR property (Auxiliary Site – Main airlift site is Bremerton Airport)
  - Focus on community and kids - Playground
  - BBQ Pits
  - Hold community events/social gatherings such as picnic to meet your neighbors
- Disaster Emergencies & Life Safety Issues
  - Fire Fighting
  - Helicopters dipping water out of Bay
  - Haven Lake and Collins Lake have standpipes to pump out water
  - Maybe put a standpipe at the river
  - Roads washed out and alternative routes

- Miscellaneous
  - Gather trash along the roads
  - Make a little parking spot for clam diggers at Bay property
  - Non-profit partnerships – Great Peninsula Conservancy
  - Day uses of trails
  - First maintain what the Port already has before new development
  - Maintain historical value
  - Preservation of lands for future
