

Port Of Dewatto News Letter

The campground is

doing great! Reserve a space now!
360-275-6834

We had a nest of swallows this spring. Very cute. Mom didn't like us being near. They have now flown off

We recently had the

vinyl floors in the hall and the bathrooms replaced! It looks great.

This is not a

picture of the current floors. Come see what we have done!

August 10, 2019

Hello everyone in the Port of Dewatto districts! I would like to invite you to our Community Barbecue! The Port will be providing hamburgers, hot dogs, lemonade and other drinks and condiments. Please come and bring a side or dessert to share. Please also RSVP so we make sure everyone has enough to eat. Come share your summer stories and have something to eat as well! We will be having a cake for dessert and hopefully, Lots of Watermelon! Yum!

AUGUST 3, 2019

CRT Training with Firefighter Robert Collamore from North Mason Fire Department in Tahuya. It is here at the Port at 1:00

Kudos to Joe Newman and his wife Suzanne! Joe is doing a great job at the Campground and Suzanne spends many hours with the reservations for the campground. Thank you for all your hard work! Another big thanks to Dave Haugen for helping with the vinyl flooring by removing and installing the toilets and stoves! Tim Crosby, thank you for helping put everything back in the closet and moving stuff to the basement! You are appreciated!

Boat removed from Dewatto Bay

A Few Months Ago:

After much waiting and calling and complaints the Boat that was sinking in Dewatto Bay was removed. It really was an eyesore and who knows what it was leaking if anything. Many of you asked what we could do as a Port to expedite. Well we must have bugged the right people often enough because it was finally removed. (The picture is not the actual boat)

Abandoned Car on NE Dewatto.

Many of you have asked about the car that has been abandoned just above Hahobas and NE Dewatto. The car has been there since before we got the big snow. It has been vandalized and moved around and tagged and still was not removed. We have made calls and it seems that we are waiting for the proper people to have it removed. Within the last month the car has had the windows broken out, the hood raised and the car is facing the road. We are trying very hard to get this removed. If you have any input, feel free to let Jeana know and she will update everyone. As of Sunday, July 21, 2019 it was still there. This is a hazard and needs to GO!

Please let me know if there is anything you might like printed in the newsletter. If approved I will add it to the next one.

Meetings: Jeana is currently looking into having the regular monthly meetings changed to the first Wednesday of the month to help get the bills paid without lapses. If you are able to come on the first Wednesday of the month let her know.

PORT OF DEWATTO UPDATES

We have been gaining strength and getting things accomplished here at the Port of Dewatto. Since January we have had a Cookie Social, Two (working on the third) Comprehensive Plan meetings and hoping to get it completed before the end of the year.

We have had a camp clean up and the campground is thriving this summer. We will be scheduling a road clean up in August and hoping to do a Rummage Sale/Yard Sale at the Port in September

At our Cookie Social we discussed having a sign up for CRT training which is Citizen Response Team training. Our sign up is 7/27/19 and we have about 7 people interested. This is a volunteer group. We have had new vinyl floors and getting ready to have a BBQ

Jeana Crosby, Manager

Ray Mow, Chair, Commissioner District #2

Dave Haugen, Commissioner District #3

Ted Haugen, Commissioner District #1

Joe Newman, Campground Coordinator
